How ratings work

Fun Fact:

Lyft drivers that score less than an 4.6 are at danger of being deactivated.

Just like you rate the world, the world is rating you.

How is the world rating me? You might ask.

In School:

1. Test Scores
2. Attendance Rates
3. Grades!

And Why is this important? You might add.

- 1. You have not been held back in school.**
- 2. Next year you will attend high school.**
- 3. Even with low grades you're able to participate in school activities.**
- 4. You're still moving along.**

Things are about to change...

1. Your grades in ELA and Math will determine your placement in High School Math and ELA.

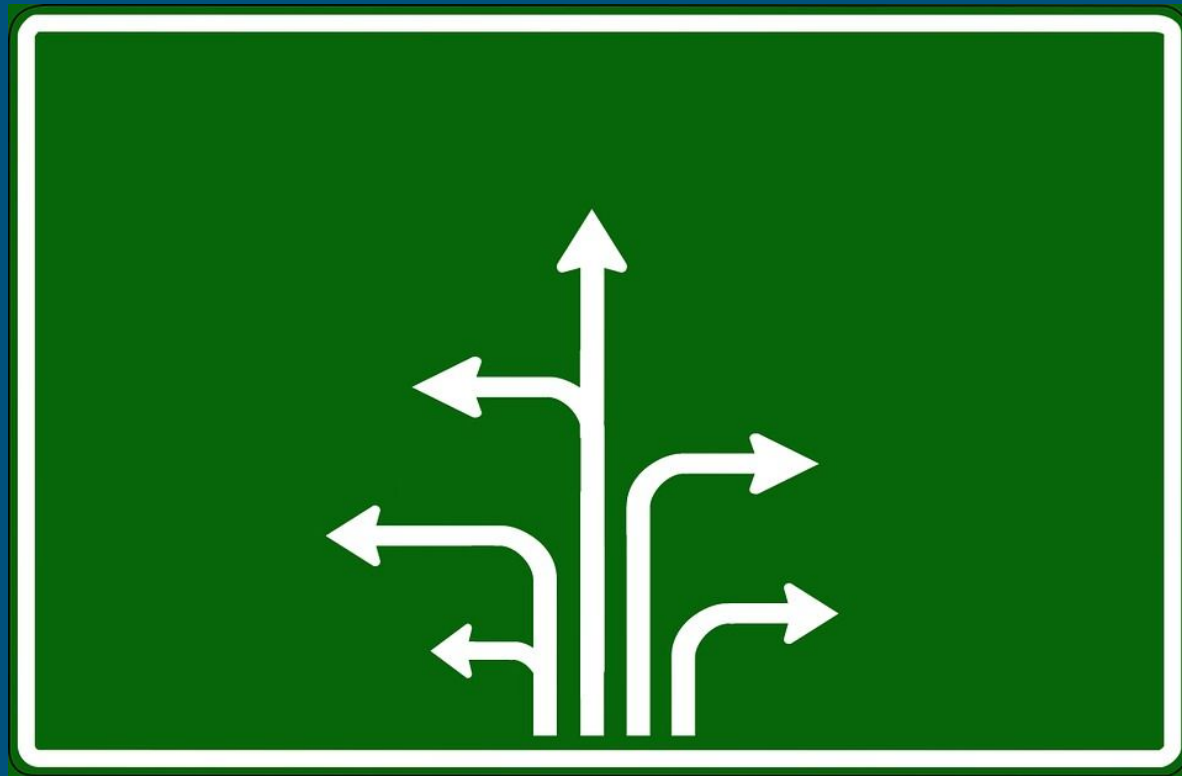

Example: Earn a D or F in ELA= you take 2 ELA classes in HS

2. You must pass your classes in order to earn credits.
 - a. If you fail a class you have to retake it.
3. Your GPA will follow you wherever you go.
 - a. College Eligibility, Scholarships, Internships

Door open or they close

Much of it depends on your grades.
